

About TAP:

With expanding the role of business globally, MJRCET is the place which comes to the minds of the recruiters once the placement season starts. As far as, MJR College of Engineering and Technology, we focus not only on the career-oriented growth but also offer versatility. There has been a consistent growth in our placements record. Today, graduating does not mean getting a degree certificate alone but equipping one with in-depth knowledge of the subject. It has also become mandatory that the student instills both technical and soft skills within him in order to reach heights. MJRCET helps the students to achieve this by conducting various workshops, guest lectures and seminars and also by letting them participate in various other extra-curricular activities. We are passionate towards grooming the students not only as the efficient professionals but also as the responsible citizens.
